

Exercise 10B

Exercise 10B

Instructions:

1. Start a **New** file using the **Border A-Inch.dwt** or the **Border A-Metric.dwt**
2. Move the Origin to the locations noted before you draw the objects.
3. Use Layer Object Line.
4. Edit the **Title** and **Ex-XX** by double clicking on the text. Do not erase and replace.
5. Do not dimension.
6. **Save** as **Ex-10B**
7. Plot using Page Setup **Class Model A**. (Refer to pages 9-12 through 9-14.)
