

Exercise 11B-Inch

Instructions:

1. Start a **New** file using the **Border A-Inch.dwt**
2. After reviewing the lengths and angles below, set the Polar Tracking Increment angle to **30**, and the Polar Snap distance to **0.125**
Note: The isometric lines are 30, 90, 150, 210, 270, and 330. (Refer to page 11-2.)
3. Use Layer Object Line.
4. Edit the **Title** and **Ex-XX** by double clicking on the text. Do not erase and replace.
5. Do not dimension.
6. **Save as Ex-11B-I**
7. Plot using Page Setup **Class Model A**
