

## Exercise 3E

### Instructions:

1. Open **Ex-3D**. (Use **Open** not **New** to open an existing drawing.)
2. Make Layer Object Line current.  
(I am having you do that because you can't Freeze or Lock a layer that is current and I want to make sure that none of the layers that you used in the drawing are current.)
3. **Freeze** the following layers: **Window** and **Plants** (Do not use erase).
4. **Lock** Layer Roof.
5. Try to erase any of the roof lines.  
You can't because the Roof layer is **Locked**.
6. Save the drawing as: **Ex-3E**
